Order Date	4/25/2026

Ordered Products

	Name	Description	Size	Qty	Unit Price	Total Price
	Puli naga kathi	The Puli Naga Kathi is typically made using materials like mild steel (MS), high-carbon steel, or stainless steel for the blade, depending on the required strength and sharpness. The handle is often crafted from wood, horn, brass, or copper to provide a firm grip and decorative appeal, while leather is commonly used for the sheath. These materials make it suitable for decorative, cultural, or traditional purposes.	Standard	1	INR 800	INR 800
